List Course Users

In order to list all users in the course you must set the search parameters within the Users area.

To do this:

1. Select **Users and Groups** from the Control Panel.
2. Then select **Users**.
3. In the search fields, select the drop down arrow within the 'Contains' field.
4. Select **Not Blank** (see image below)
5. Press 'Go.'

You will now see a listing of all Students, Instructors, and Teaching Assistants in your course.
